White Enameled Table Top

That fits over your kitchen table and converts it into a clean, sanitary table.

Makes it easy to keep clean.

Does away with the constant expense of providing new oil cloth. Or eliminates constant scrubbing of wood top tables. And is an attractive addition to your kitchen furnishings.

Tops are made of pure white porcelain enameled steel. It is true they are "seconds" but that term means they are only slightly marred—not enough to affect the wear or appearance materially.

They are size 28x42 inches and you can slip them on yourself. If they were in perfect condition the price would be \$5.00.

Because they are "seconds"—**\$1.98**

WASHINGTON CHURCHES WILL AID ARMENIANS

"Armenian Sunday" to Be Observed October 22 for War Sufferers.

Armenian Sunday will be observed in many of the Washington churches on October 22, when the collections of the day will be given to the fund for the relief of Armenian and Syrian sufferers from the European war.

Acting under the proclamation issued by President Wilson on August 31, setting apart two days, Saturday, October 21 and Sunday, October 22, for the giving of contributions for the stricken Armenian and Syrian peoples, the Washington auxiliary committee of the American committee for Armenian and Syrian relief yesterday completed arrangements to send an appeal to the pastors of all churches in the National Capital to make appeals for such relief at their services on October 22.

Henry B. F. Macfarland, chairman of the Washington auxiliary committee, has written the letter which will call the attention of the pastors to the proclamation of President Wilson. The letter points out the dire straits to which the Armenians and Syrians have been put because of the invasion of their homes by the armies of the belligerents.

The Washington auxiliary committee includes Henry B. F. Macfarland, chairman; H. S. Reeside, treasurer; Bishop Harding, Rev. Charles Wood, James L. Shelden, Rev. C. A. Vincent, Mr. W. R. Russell, Dr. S. N. D. North, Rev. W. R. Russell, Arthur D. Call, and Rev. R. Van Schalk.

ARCADE AUDITORIUM POPULAR.

Dancing and Roller Skating Facilities Enjoyed by Many.

The cool nights find large crowds of pleasure-seekers at the Arcade Auditorium, where they enjoy from 8:30 to 10:30 p. m. the latest steps with a large orchestra to render up-to-date music. One of the most pleasing features to the younger set is "kiddie's night" on Friday evenings from 8:15 to 8:45, during which time they are allowed exclusive possession of the floor. Immediately following comes the regular dancing for the older ones.

The roller skating is another popular attraction every afternoon from 3 to 5. Competent instructors are in attendance for those who have not mastered the art, and special attention is given to women and children.

BETTER CAR SERVICE SOON WILL BE GIVEN

Companies Have Not Yet Acted on Utilities Commission Order.

No action has yet been taken by the street railway companies on rule 123 of the Public Utilities Commission which calls for improvement of the service on cars during and after rush hours.

W. F. Ham, vice president of the Washington Railway and Electric Company, said last night that to his knowledge there could be no action taken in the matter until the rule had been thoroughly studied.

J. T. Moffett, superintendent of transportation of the Washington Railway and Electric Company, said: "We make no census of the traffic on the lines yet, because the average number of passengers at this time of the year is abnormal and would give us no basis for making an adjustment. So far as I know, our company has done nothing."

Yesterday the inspectors on all the lines were busy making reports, taking accurate count of the number of people riding during the busy hours. According to Mr. Moffett's statement, this fact is not of more than ordinary significance, because such checking is always taken at this period of the month.

The rule requiring seven square feet of floor space for each standing passenger would not be a hardship if the rush hours will go into effect November 1. Rush hours are fixed between 8:30 and 9:15 o'clock in the morning and 3:45 and 6:30 in the afternoon.

FIRE PREVENTION DAY PLANS BEING FRAMED

Engines and Trucks Will Turn Out to Impress School Children.

October 9 is to be Fire Prevention Day.

At 8:30 o'clock in the morning all the fire apparatus in Washington will turn out to parade in front of the school children going to school. The object is to impress upon them the importance of fighting fires.

Chief Wagner, of the Fire Department, said that he will arrange it so that the engines and trucks, many of which are near schools, will parade their equipment, which will remain in touch with the department should emergency arise.

Circulars will be given children telling them what to do in case of fire, and what to do to minimize the possibility of fire. Billboards will be placed with huge signs urging fire prevention methods.

One of the features of the day will be a fire drill in the public schools, where the children will have a chance to fight a real fire. For this purpose janitors will be instructed to build fires of rubbish in the school yards.

The value of fire prevention day was mentioned by Charles F. Neah, superintendent of insurance, who presided over the meeting of the fire prevention day committee held in the Board of Trade rooms yesterday. Mr. Neah said that during the six years observance of this day, the loss of property by fire in New York City has been reduced from \$14,000,000 to \$8,000,000 a year.

JAMES HAY SWORN IN AT COURT OF CLAIMS

James Hay was sworn in as judge of the United States Court of Claims yesterday to fill the vacancy caused by the retirement of Judge George W. Tuley.

Among the new members of the District Court of Appeals are two young women attorneys, Anna Speich and Lucile Compton.

GEORGIA SOCIETY VOTES SUPPORT OF DEMOCRACY

The Georgia Society met at the Raleigh Hotel last night. A resolution endorsing Woodrow Wilson's administration was passed unanimously. A steering committee, composed of W. B. Johnson, T. M. Quarles, W. M. Havistson, Starke M. Grogan and G. M. Hartsfield, was appointed.

Col. Edgar Watkins, of the Interstate Commerce Commission, was appointed to revise the constitution of the society.

A musical and entertainment committee, composed of Mrs. E. W. Morcock, chairman, Mrs. S. M. Grogan, Mrs. Edgar Watkins, W. B. Roberts and T. M. Quarles, was appointed.

The next meeting will be held at the Raleigh on the first Tuesday in November.

OFFICERS CHOSEN BY COMMERCE EMPLOYEES

The regular monthly meeting of the Commerce Branch of the Federal Employees' Union, was held last night at the Oldest Inhabitants' Hall, Ninth and H streets northwest, electing the following officers: President, L. R. Downs; vice president, Mrs. H. S. Starkweather; mediator, Miss B. Melton; secretary, A. W. Ashkan.

It was voted to hold regular monthly meetings on the first Monday night of each month or the following, if the first falls on a holiday. The new officers will be installed at the November meeting.

CIRCLE CLUB ENJOYS VAUDEVILLE PROGRAM

The Circle Club, composed of Master Masons in the employ of the District government, gave their first entertainment of the season at the New Ebbitt last night. Music was furnished by the Masonic Club Band. A program containing musical and vaudeville numbers was presented. Arthur Pierce was the principal vaudeville entertainer, presenting a series of Bert Williams' imitations.

L. H. Troutman, president of the advisory board of the Masonic Club, addressed the gathering, extolling the principles of Freemasonry. About 200 were present.

TOM MOORE UPHOLDS 'PURITY,' BANNED FILM

After Private Showing, Declares Only Ultra-Prude Would Be Offended.

A private showing of the much-discussed film play, "Purity," featuring the famous artist's model, Audrey Munster, was given at Moore's Garden Theatre yesterday morning. There were present about 200 invited guests, including artists, clergymen, and men and women identified with public life.

Tom Moore prefaced the showing by a few remarks. He emphasized the fact that the controversy, which he deeply regretted, was in no wise attributable to himself. He stated that Maj. Pullman and other officials had viewed the film last Friday evening at the Strand Theatre, and yet Commissioner Brown had not placed the ban upon it until Saturday afternoon at 3 p. m.

"We boast of our liberty, our fairness, that no one is convicted without a hearing," said Moore, "and yet here is a film play, termed by critics and artists an art classic, conducted by a man who has never seen it. I have asked you here this morning to view 'Purity,' to place either your endorsement upon it or condemn it. I, too, will be looking to it for the future, and I will be greatly guided by your decision."

Later in the day, when seen in his office Mr. Moore said: "Purity" has conquered by its sheer beauty and wonderful artistry. Never before have I seen a picture, and I've viewed thousands of them, quite so artistic, quite so fascinating, quite so idyllic. So simple and charming a story couldn't offend the vestal virgin."

He said telegrams inform him that "Purity" has been unanimously passed by every board of censors to whom it has been submitted, and that picture men and film manufacturers throughout the country are delighted at the action of the local authorities. He said he would publicly announce his future course of action regarding the film play in a few days.

Among those in the audience who saw the film were Gov. Silverstone, Mr. and Mrs. Raymond Beveridge, Mr. and Mrs. Anton Heltmuller, Mrs. Rose Chamberlain, Mrs. Tompkins, Mr. McDonald, Dr. Meyer Rosenthal, J. T. Chesley, Miss Chesley, Mrs. E. Woodward and representatives of local newspapers and film exchanges.

METAL SHARES SOAR; BIG EARNINGS SHOWN

Tennessee Copper to Double Capital, According to Report.

Special to The Washington Herald.

New York, Oct. 3.—The interest in the copper continues at high tide, with supporting advices from all the world's markets. Iron and steel share in the prosperity of the copper, naturally for mutual aid.

Early announcement is looked for in copper circles of a plan of readjustment for the Tennessee Copper Company. It is reported that under the new plan the capital stock will be doubled, giving shareholders the privilege of subscribing for as many shares as they now hold at \$16 a share.

Last July reports were current that a new management would take charge of copper company's affairs and a committee was formed to work out a scheme of readjustment. Among the concerns obligations is a \$1,500,000 claim by the Russian government.

Tennessee Copper directors are reported to have approved the readjustment plan and it is also said that has been underwritten by a large New York banking firm.

Earnings, partly estimated, of the Sloss-Sheffield Steel and Iron Company for the quarter ended August 31 show net profits for the quarter of \$146,000, or \$14.67 a share. After deduction of quarterly preferred dividends the balance is equivalent to \$1.94, or at the annual rate of \$23.16 a share.

Earnings for the nine months ended September 30 at the annual rate of \$14.08 a share. Third quarter earnings were reduced substantially by inability of railroads to accept offered shipments of iron. Earnings are not calculated until the iron has been actually shipped.

MRS. BENJAMIN D. GAW, WIFE OF PASTOR, DIES

Mrs. Benjamin D. Gaw, wife of Rev. Mr. Gaw, pastor of the West Washington Baptist Church, died yesterday afternoon at 2 o'clock.

Mrs. Gaw's fatal illness came suddenly and her death was a surprise to friends of the pastor's family. Before her marriage she was Miss Williams, of Richmond, Va. Rev. Mr. Gaw and Mrs. Gaw were married six years ago. The Gaw home is at 3005 Cambridge place northwest.

Arrangements for the funeral of Mrs. Gaw probably will be announced today.

Trenton, N. J., Oct. 3.—Twenty-eight new cases of infantile paralysis were reported throughout New Jersey today. This is thirteen less than reported yesterday.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If Feverish, Bilious, Constipated, Give Fruit Laxative at Once.

Don't scold your fretful, peevish child. See if tongue is coated; that is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't sleep or eat naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "in-laws" clean and sweet.

"Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of 'California Syrup of Figs,' which has directions for babies, children of all ages, and for grown-ups plainly on the bottle. Remember, there are counterfeiters sold here, so surely look and see that yours is made by the 'California Fig Syrup Company.' Hand back with contempt any other fig syrup."

POLE, LONG A MENACE, CAUSE OF AUTO CRASH

Dangerous Obstruction Had Been Reported to Pullman by Captain.

An inquest into the cause of the death of William M. Schaffer, killed on the Bladensburg road Monday night, when the automobile in which he was riding crashed into a trolley pole, was held at the morgue at 2:30 o'clock this afternoon.

Dr. Nevitt denied last night that he had overruled the inquest as a result of conflicting stories of the accident. The testimony of witnesses, he said, appeared easily credible, and his action in ordering the inquest was in view of the fact that the jury was already enrolled in the afternoon.

Schaffer, who lived with his wife at 601 Thirteenth street northwest, had been to Bladensburg yet before the accident. He was on the point of returning to the city when the suggestion was made that they bring home in their car Miss Gertrude H. Fitzpatrick and Miss Marie Taylor, both of 115 I street northwest, who had been visiting the Banville family in Bladensburg.

An automobile occupied by Jesse Mann and Marion Baden had been behind the Smith car for some distance on the way to the city, and as they neared the trolley street, Smith, it is said, turned aside to allow the Mann car to pass. At this point the trolley pole struck over to the right hand side of the car tracks, and Smith struck the first of these, throwing Schaffer out of his head. The injured man died from a fractured skull and a broken neck while being brought into Emergency Hospital.

The dangerous character of the Bladensburg road where the accident occurred, it was learned last night, has been the subject of at least three reports within the last year to Major Pullman by Capt. Schneider, of the Ninth precinct, in whose precinct the road lies after it crosses the District line.

Maj. Pullman last night admitted the department had received the reports, but said he could not go into the details of the recommendations made without the reports before him. He declared the recommendations had in his knowledge been referred to the District highway engineer.

The reports, according to Capt. Schneider, had called attention to the danger of the sudden switch of the location of the trolley poles at Twenty-eighth street from the left to the right hand side of the road. He said that, not being an engineer, he had made no recommendations as to what would be a proper disposition of the poles.

GIRL OFFERS TO WED TO HELP HER MOTHER

New York, Oct. 3.—To save her aged and sickly mother from poor house or starvation, 20-year-old Clara H. Bishop, a strikingly pretty young woman appeared to the newspaper to aid her in the search for a husband.

"It's my last resort," said the young woman today. "I have to do it for my mother's sake. We are completely 'down and out.'"

All she asks in return from any young man who may marry her is that he provide a home for her mother and that she may have the right to investigate his character, employment and antecedents.

W. F. TOMLINSON DIES.

Agriculture Department Employee Succumbs to Illness.

William F. Tomlinson died yesterday at his home, 342 Fourth street northwest, at the age of 60 years. He had been in ill health for some time, but did not leave his work in the Agriculture Department until about ten days ago. He had been in that department for about twenty years.

Mr. Tomlinson was one of the organizers of the North Carolina Society and of the Mount Pleasant Methodist Church South. He was also one of the church stewards.

Mr. Tomlinson leaves a wife, formerly Sarah Louise Long, of Hayward County, N. C.; a daughter, Glennie Long Tomlinson; a brother, J. S. Tomlinson, of this city; and two sisters in Ireland County, N. C. Mrs. Susie Downum and Mrs. Lizzie Thomas.

DISTRICT G. O. P. MEN INVITE HUGHES HERE

Visit New York to Urge Candidate to Speak in Capital.

An invitation to Charles Evans Hughes, Republican candidate for President, to address a mass meeting in Washington during the course of the campaign, was delivered to the nominee at Republican headquarters in New York yesterday by a committee sent to the metropolis by the Hughes Club of Washington.

The committee members are Harry Wardman, Edward B. Eynon, Jr. and Rufus S. Day.

Important changes in the plans for the Maryland visit of Gov. Hughes were announced last night by Galet L. Tail, chairman of the Republican Central Committee of Maryland. The announcement says that in order to afford citizens and voters of Western Maryland an opportunity to hear the Republican nominee, arrangements have been made for him to appear at the Hagerstown Fair to address a large assemblage on the fair grounds at 3 o'clock on the afternoon of October 10.

As the Hughes party will enter Maryland by way of Harrisburg, tentative plans for the meeting at Elkton, Md., on the same day have been abandoned.

Chairman Tail has arranged with the fair management at Hagerstown for the suspension of races and other fair activities during the time Mr. Hughes is speaking. The meeting will be under control of the Maryland Republican Committee and is expected to be the greatest in the history of Western Maryland. Arrangements have also been made for a big meeting in Baltimore on the evening of the same day in the Fifth Regiment Armory.

is primarily a savings institution, as shown by the reports of the two institutions. I have been connected with the older company, the Second National Bank, for many years, and was one of the organizers of the Bank of Commerce and Savings. The fact that I have remained with both shows there is no rivalry between the two institutions."

Albert S. Gately, cashier of the Lincoln National Bank, and a director and one of the organizers of the Bank of Commerce and Savings, told the board that his connection with the latter was purely in an advisory capacity and that the two banks were on the most friendly terms.

M. D. Rosenberg, president of the Bank of Commerce and Savings, appeared in behalf of Mr. Gately. He testified that his bank, which was a young institution, had profited greatly by the advice and experience of Mr. Gately, who was better informed and had more years' experience to his credit than the other officers of the bank.

"We believe it would be a great loss to our bank if we were deprived of its services," he said. "The two institutions have no rivalry between them that could be termed 'substantial competition' under the meaning of the amendment to the Clayton act."

"Neither bank," he added, "is interfering with the business of the other or

attempting to gather the other's patronage in any way."

All those who appeared before the Federal Reserve Board yesterday, when interviewed by a representative of The Washington Herald last night, expressed themselves as highly pleased with the treatment accorded them. The members of the board, it was said, were very much interested and displayed a genuine desire to get at the facts of the case.

The meetings were held behind closed doors and each man who appeared was examined separately.

Gov. Harding, of the Federal Reserve Board, stated last night that the board had sent out nearly 4,000 blanks to the bank directors of the country who held chairs on the boards of two or more banks. Many of these resigned from the boards of all banks but one, thereby coming within the provisions of the law. Others appealed to the board for a ruling which would permit them to continue in the board of directors of more than one bank.

"Of the 700 cases considered to date," said Mr. Harding, "we have turned down but 113 applications. About a dozen were from Washington. All these were invited to appear before the board and present their case."

The board has not yet decided whether day were the only Washington bankers who have asked for a hearing. However, there is a large number of other banks in the country that have asked to be heard and that are yet to appear.

INTESTINAL INDIGESTION

Can Be Permanently Relieved Only by Making the Liver Active.

Intestinal indigestion is shown by flatulence, constipation and sometimes attacks of diarrhoea which have no apparent cause. You may not have known it, but the intestines must digest food as well as the stomach. So while your stomach digestion may be all right, you may easily have intestinal indigestion or dyspepsia—a trouble that is often harder to overcome than stomach trouble.

The digestive fluid in the bowels is the bile—bile is furnished only by the liver, and is back of enough of this fluid that causes indigestion.

Then the only way to relieve intestinal indigestion and the symptoms noted above is to put the liver in good shape. That's why oil and laxatives that only act on the bowels are no good whatever in this kind of trouble. The sure way to get relief is to take Nature's Remedy (NR Tablets) every night for a few nights. Nature's Remedy acts on the liver and promotes the flow of bile into the intestines; it corrects and tones up the stomach, relieves rheumatism and constipation, benefits the kidneys and purifies the blood. Contains no calomel or habit-forming drugs. Get a 25c box and take an NR Tablet tonight—you'll feel better in the morning.
